

Soft Landing Camps in Madrid and Barcelona

Thrilled about starting your adventure? Start your high school year in Spain at one of our two Soft Landing Camps in **Madrid** or **Barcelona**. We want you to get the best welcome ever, to start adapting to hour language, currency, timetables, food and customs little by little... enjoying the chill and funny vibe of our Camps.

Share some wonderful days with our staff, returnees and some other international students in two of the most beautiful and cosmopolitan cities in Spain! Students taking part in the optional three-week Spanish Preparation Course starting in mid-August will join the Madrid SLC. Students not taking part on this Spanish course will start their adventure in Barcelona SLC!

Both Camps will provide you with the best preparation ever after having had lost of fun with other exchange students and having received the best tips and counselling to have a successful experience.

You will have important preparatory meetings featuring cultural aspects of Spanish daily life, some tips to adapt to your host family better and how to survive to the first days of school.

You will also enjoy some sightseeing both walking and with hop-on hop-off bus routes, rowing boats, visiting Barcelona football stadiums, Port Aventura Theme Park or Aquopolis, cooking lessons, paella dinner, chill time at the beach or Retiro Park, and will surely make friends for a lifetime: other international students who are about to live the same experience as you!
